Starting the new school year

We are all returning to school tomorrow.

Our school looks different because we have had some building work done over the summer.

I will see the pen on the playground has gone.

I will line up on the playground with my new teacher.

I will enter the school through this door.

I will notice the floor looks different.

I will then see that the art cupboards have been taken away and there is a new step by the door to the quad.

As I walk through our school, I will see the Year 5 cloakroom has changed.

The sinks and the coat pegs have swapped sides.

I will notice the toilets look a little different too. There are now 3 boys' toilets and a new cupboard.

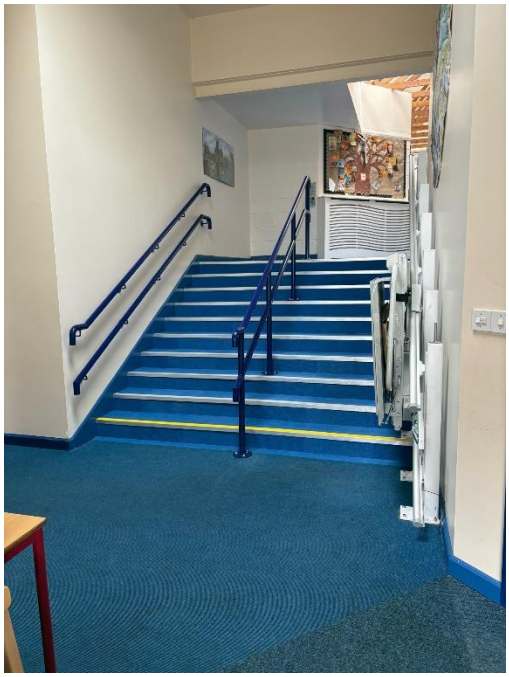

As I turn the corner, I will see that the Year 4 coat pegs have moved. They are now next to the Year 3 coat pegs.

As I walk down to the hall, I will see a big change on the stairs. The lift has gone, we now have a new stair lift and there are 2 sets of stairs.

Everyone at St Clement's is excited to welcome you back tomorrow. 😊
