St Clement's C of E Primary School and Pre-School

Supporting Families at St Clement's

Reviewed September 2025

This document details how the school can support ALL families in school

St Clement's C of E Primary School Early Help Offer.

"St Clement's C of E Primary School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment."

We endeavour to create a school ethos that promotes trust between all adults and children, so that all children know who they are able to talk to if they have any concerns or worries.

At St Clement's C of E Primary School, our Pastoral and Safeguarding team meet regularly to discuss any concerns. This team includes:

Miss R Mclean (Headteacher, Designated Safeguarding Lead)

Miss S Butler (Assistant Head, Deputy Designated Safeguarding Lead – Current MATERNITY leave)

Mrs A Mason (Assistant Headteacher and Deputy Designated Safeguarding Lead, LAC/PLAC Lead)

Mrs A Wilkinson (Assistant Headteacher, SENDCO and Deputy Designated Safeguarding Lead)

Mrs J Rouse (Pre-School Manager and Deputy Designated Safeguarding Lead)

All staff receive annual safeguarding training through the DSL, as well as regular updates through continuous professional development. Any new staff receive the full safeguarding training, again delivered by the DSL as part of their induction to the school.

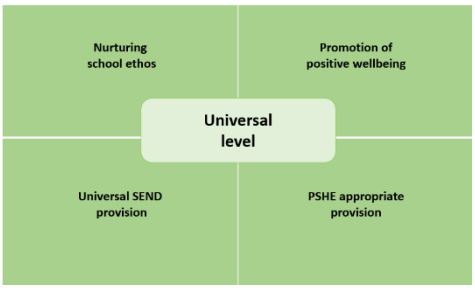

The diagram below shows the range of needs at different levels. We use this graduated approach to make sure we provide the best support for different families' individual circumstances.

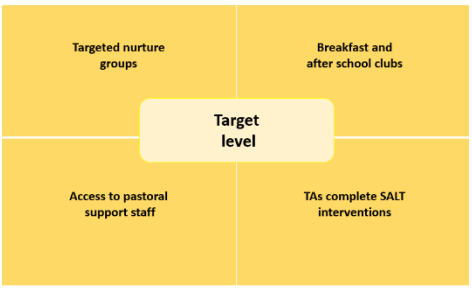

Providing early help to our pupils and families at St Clement's means we are more effective in promoting support as soon as we can. Early help means providing support as soon as a problem emerges, at any point in a child's life, from the foundation years through to teenage years. In Keeping Children Safe in Education, 2025 it makes it clear that **ALL** staff should be aware of their local early help process and understand their role in it (detailed information on early help can be found in Chapter 1 of Working Together to Safeguard Children). In addition, this statutory document makes it clear that any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who: -

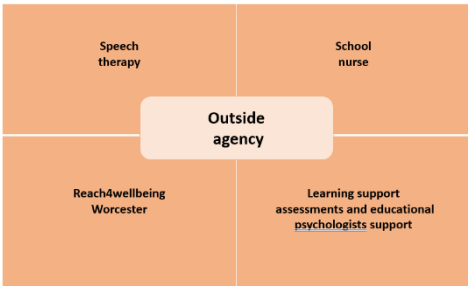

- is disabled and has specific additional needs

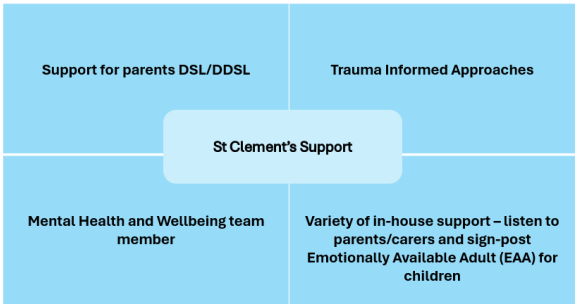

- has special educational needs (whether or not they have a statutory education, health care plan)
- Is a young carer
- Is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- Is frequently missing/goes missing from care or from home
- Is misusing drugs or alcohol themselves
- Is at risk of modern slavery, trafficking or exploitation
- Is in a family circumstance present challenges for the child; such as substance abuse, adult mental health problems or domestic abuse
- Has returned home to their family from care
- Is showing early signs of abuse and/or neglect
- Is at risk of being radicalised or exploited
- Is a privately fostered child

St Clement's C of E Primary Early Help Offer (Supporting Families):

Within school we provide the following early help support for all children, striving to ensure concerns, no matter how small, are listened to and supported effectively, maximising the chances of effectively safeguarding all of our children:

- **Play Therapist:** Mrs Roberts is in school every Thursday, working with children identified as needing support on a programme which is personalised to meet the need of every individual, and continues until significant progress has been made or other resources have been provided where appropriate.
- **Music therapy:** working with children identified as needing support on a programme which is personalised to meet the need of every individual, and continues until significant progress has been made or other resources have been provided where appropriate.
- **Trauma Informed Schools:** We have Trauma informed schools status and staff work with children identified as needing support.
- **Educational Psychologist:** As a school we work with Chadsgrove Outreach Team and Worcestershire to provide Educational Psychologist support where required
- **Pastoral support Lead**: Mrs Wilkinson, our pastoral support lead, is available to offer support to individual children or parents or both together based onthe requirements/ needs of the families. An appointment can be booked through the school office.
- **CAMHs CAST:** We work closely with this professional body which is a service that sits within Worcestershire CAMHS (Child and Adolescent Mental Health Services). They work directly with young people experiencing or at risk of experiencing mental health difficulties. The service offers consultation, advice, support and training which can be specifically tailored to suit the professional seeking the service.
- **Mental Health First Aid Trainers:** Miss Mclean as Headteacher and Designated safeguarding Lead has completed Mental Health First Aid training, this facilitates the schools ability to supportstaff to spot signs and symptoms of common mental health issues, provide non- judgmental support and reassurance, and guide the young person or adult to seek professional support they may need to recover.
- Links with our community Social Workers and other support agencies including the Educational Health services:
- **Attendance:** Every child whose attendance is below 95% are carefully monitored and support offered wherever possible, utilising the skills of the Family Support Worker where appropriate. Formal attendance meetings are held and improvements recognised. The school keeps case studies of attendance. We have studies of positive improvements and also of cases where there has been a struggle to improve

attendance, from which we have learnt a great deal. Our school operates a first day response system.

- **Prevent Trained Staff:** All staff complete the online PREVENT (Channel) training each year which ensures they are all able to identify the early stages of radicalisation and what to do. This is now also part of the induction process for new staff. The SPOC for the school is Miss R Mclean (Headteacher, DSL).
- **Child Sexual Exploitation:** All staff have been trained through the whole school safeguard training delivered annually, and are able to identify early indicators of potential cases of child sexual exploitation.
- **Female Genital Mutilation:** All staff complete the online FGM training annually. Teachers know how to identify if a child may be at risk. They know the signs to look for and most importantly how to refer, following the schools safeguarding procedures.
- **PSHE Programme:** Our school delivers comprehensive Personal, Social, Health and Economics, (PSHE) and Relationship and Sex Education (RSE) programmes. These further support the children's understanding of how to keep themselves safe. It also broadens their understanding of strategies to develop their resilience, as well as their awareness of their mental health and approaches to keep this aspect of their lives healthy.
- **Online safety:** We are a NOS school and all staff complete NOS online safety training. Each year group is taught e-safety lessons throughout the year, linking directly with areas of computing they are working on. The school support parents with this aspect of life through regular updates on the weekly newsletter. Our e-safety lead, Mr R Burford, also runs workshops for parents, as well as leading on a whole school internet safety day. St Clement's use the 360 Safe online audit tool to ensure we are providing the highest level of practice in terms of online safety. We also use Netsweeper for Online filtering which is monitored daily. This is reviewed annually.
- **Nurture facilities:** We use the "Motional" tool to screen children's emotional state. The results which are provided support us to put in place an appropriate package of support which is nurture based. Research has shown that how we behave is linked to how we feel and our emotions are linked to how we learn. By teaching children to recognise and notice these feelings and emotions it can help with their development and learning.
- **We deliver daily mindfulness/regulation strategies in school:** To support children to become more resilient and teach them tools to manage their physical, emotional and mental health and wellbeing.

We also liaise with other agencies and people within the local community.

Please find below details for some national organisations that can support children, young people and their families:

The Front Door to Children's Services	If a member of staff, parent/carer or member of the public thinks a child or young person is at immediate risk of significant harm they should contact the Family Front Door (FFD) – 01905 822 666 or in an emergency always call 999. Do not wait to discuss this with the DSL/DDSL but do report it afterwards.
WSCB (Worcestershire Safeguarding Children's Board) website.	Refer to Children's Social Care | Worcestershire County Council Important information for parents and professionals across Worcestershire in relation to keeping children safe and avenues of support including early help options. Everyone should know how to access this website which has all of the agreed Worcestershire safeguarding and child protection processes on it.

Worcestershire Family Information Service (FIS): Universal source of help for all families in Worcestershire:	Worcestershire Family Information Service (FIS) advisors give impartial information on childcare, finances, parenting and education. FIS are a useful source of information for parents and professionals. They support families, children and young people aged 0-19 years of age (25 for young people with additional needs) and professionals working with these families. They can help link parents up with other organisations that might be able to help or provide the information themselves. http://www.worcestershire.gov.uk/info/20507/childcare/1579/family_information_service
Home-school support Worcestershire Home Education Network	Home education is becoming an increasingly popular option for families in Worcestershire and we have a growing community that are able to offer each other support. Between us we have years of experience in educating children of all ages and are able to organise and put on a range of activities. We hold meetings usually at least weekly, throughout term time at various locations round the county-for example: - ❖ Social gatherings occur monthly in North Worcestershire for all ages, with both indoor and outdoor games plus organised activities such as climbing/zip-wires/grass sledging for 8+. ❖ Monthly meeting in Worcester with games, music and crafts for all ages. ❖ Monthly social meeting in south Worcestershire, including indoor and outdoor games, group music session and a drama group. ❖ Bowling or Ice skating most months. ❖ "Education group" workshops organised regularly. Recent workshops have included: Marvellous Mosaics' 'Gunpowder plot' 'Medieval life', 'Making Music' and 'Creative Writing. ❖ We also meet up with people from neighbouring counties and many of us go along to the national camps and gatherings that are organised by home educators throughout the year. ❖ We have a Worcestershire Home Educators Newsletter (WHEN) that lists all of the activities for the coming month and run a Worcestershire Home Educators Internet support list. **Contact us on:** info@worcestershire-home-educators.co.uk
E- safety – Online safety	Online Activity (phones, computers) can be a serious risk to children. The use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation – technology often provides the platform that facilitates harm. With the right support, education and safety measures in place the internet and new technologies can also bring great benefits but we must all be vigilant. ❖ **PACE** (parents against child exploitation) UK is a useful website to engage parents with safety issues. www.paceuk.info/ ❖ https://www.thinkuknow.co.uk/parents/ - This is the Child Exploitation and Online Protection (CEOP) Centre. It's a one stop shop for most information about online safety. ❖ http://educateagainsthate.com/ - This is the government website to help parents and professionals understand the risks of children and young people being radicalised by extremists online and how to keep children safe from this. ❖ www.internetmatters.org - A great site for helping parents keep their children safe online.

Bullying (including cyberbullying)/ Child death/suicide/ prevention	Cyberbullying is using the internet, email, online games or any digital technology to threaten, tease, upset or humiliate someone else. If the police consider a message or post to be potentially criminal, they will take appropriate action. This could involve arresting the person responsible or interviewing them under caution. Cases involving sustained abuse or where someone's life is threatened will be treated seriously. The police will consider all of the circumstances when considering the best response to a report of cyber bullying. They will assess how vulnerable the victim is and what resources are required to trace the offender via social networking sites that often operate abroad and to different legislation. In certain cases it may be difficult to take action if the offender isn't in the UK. They will work with the victim to bring about the most suitable and proportionate conclusion, this will include alternative options that include the officer in the case using their discretion and working with the offender to record an apology to the victim. **Useful links:** **Bullying UK** **Childline** **KidScape**: Our resources provide information on issues surrounding bullying, online and personal safety. Hate crime	A hate crime is a criminal offense whose motivation can be shown to be race, national origin, religion or sexual orientation. A difference of race alone is **NOT** sufficient to make it a hate crime. There would have to be evidence of racial slurs or racial statements in addition to the crime (this does not trivialise other serious offenses that are NOT hate crimes). **Hate Crime:** West Mercia Police: Email: contactus@westmercia.police.uk Emergency number: 999 Non-Emergency number: 101 Report online to True Vision (opens in a new window) https://educateagainsthate.com/parents/ Call in at your local police station

SEN Services and support groups	The Children with Disabilities (CwD) Social Work Team provide services designed to meet the needs of children and young people who have complex disabilities. The CwD Social Work Team is one of a range of services that can provide support to children and young people with disabilities and their families. Other services available are those provided by health, education, play and youth services as well as community resources provided by voluntary agencies. The CwD team offer services to those children and young people requiring additional resources in respect of their disability, where the disability has a profound impact on the child or young person's life. An assessment will be offered where the child has a condition which is substantial, long lasting or permanent, is a physical and/or learning disability or a life limiting, life threatening condition. These may include: • severe learning disabilities • severe physical disabilities • severe developmental delay in motor and or cognitive functioning • profound multiple disabilities • severe sensory impairment (registered blind and/or profoundly deaf) • complex and severe health problems that arise from the disability, that are life threatening, degenerative illness or organic disorder resulting in severe disability • a diagnosis of Autistic Spectrum Condition with an associated learning disability and where the condition severely affects day to day functioning **SEN Services and Support Groups** • Autism Spectrum Condition and Learning Disabilities Group , a group for family members and carers, Kidderminster Hospital • Community Paediatric Service Community Paediatric Service is concerned with developmental delay and learning disability; Motor difficulties such as cerebral palsy and muscular dystrophy; Neurodevelopmental conditions including ADHD and ASD; complex behavioural difficulties; sensory impairment; statutory medical & educational assessments (The Community Paediatric Service South Worcestershire, The Community Paediatric Service Wyre Forest and The Community Paediatric Service Redditch and Bromsgrove.) - https://www.hacw.nhs.uk/services/service/community-paediatric-team-18/ • Council for Disabled Children. Child Criminal Exploitation (County Lines)	Here is some guidance for frontline professionals on dealing with county lines, part of the government's approach to ending gang violence and exploitation: County lines: criminal exploitation of children and vulnerable adults - GOV.UK (www.gov.uk) Children who are trafficked, exploited or coerced into committing crimes are victims in need of safeguarding and support. Though perceptions are altering these young people are still often criminalised and perceived as having 'made a choice' to take part in illegal activity. https://www.catch-22.org.uk/child-criminal-exploitation/

Child Sexual Exploitation (CSE)	West Midlands Safeguarding Children Procedures has a page dedicated to Child Sexual Exploitation. It provides information about child sexual exploitation, the roles and responsibilities of relevant agencies and the procedures practitioners should follow to ensure the safety and wellbeing of children and young people whom it is suspected have been sexually exploited or are at risk of sexual exploitation. **Key facts about CSE:** • It affects both girls and boys and can happen in all communities. • Any young person can be targeted but there are some particularly vulnerable groups: Looked After Children, Children Leaving Care and Children with Disabilities. • Victims of CSE may also be trafficked (locally, nationally and internationally). • Over 70% of adults involved in prostitution were sexually exploited as children or teenagers. • Sexual violence or abuse against children represents a major public health and social welfare problem within UK society, affecting 16% of children under 16. That is approximately 2 million children. **Documents:** • **Appropriate Language:** •https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/591903/CSE_Guidance_Core_Document_13.02.2017.pdf • https://www.safeguardingworcestershire.org.uk/wscb/professionals/cse/ • https://www.safeguardingworcestershire.org.uk/wp-content/uploads/2019/03/WSCB-Multi-agency-Child-Sexual-Exploitation-Pathway.pdf • Child exploitation disruption toolkit (publishing.service.gov.uk) **Making a referral** The Local Authority has a duty to make enquiries where a child may be suffering harm or neglect. **Useful Websites:** • Barnardo's spot the signs: Advice for parents, professionals and young people on the signs of sexual exploitation and how to keep safe • Department for Education (Gov.uk) National Action Plan for Tackling Child Sexual Exploitation - https://www.gov.uk/government/publications/what-to-do-if-youre-worried-a-child-is-being-abused--2 • Parents Against Child Sexual Exploitation pace is the leading national charity working with parents and carers whose children are sexually exploited - http://paceuk.info/ • NSPCC definitions, statistics, facts and resources about CSE - https://www.nspcc.org.uk/what-is-child-abuse/types-of-abuse/child-sexual-exploitation/ • NWG Network: Fighting against CSE and working to inform, educate and prevent child sexual abuse within the UK - https://www.stop-cse.org/ • Spotting The Signs of Child Sexual Exploitation: a 15 minute YouTube clip from Health Education England - https://www.youtube.com/watch?v=sC4Nn_mYKu0

Fabricated and Induced Illness (FII)	Fabricated or induced illness (FII) is a rare form of child abuse. It occurs when a parent or carer, exaggerates or deliberately causes symptoms of illness in the child. https://www.nhs.uk/conditions/Fabricated-or-induced-illness/
Faith abuse	Faith and belief-based child abuse, including practices around 'spirit possession' and 'witchcraft', is a hidden crime, which makes it difficult to quantify in terms of magnitude. However, from our own experience and in consultation with communities, we know this kind of abuse is underreported. www.gov.uk/government/publications/national-actionplanto-tackle-child-abuse-linked-to-faith-or-belief Further contacts for advice can be found from the local representatives for some faiths. • An Exploration of Knowledge About Child Abuse Linked to Faith or Belief (2016) - https://vcf-uk.org/wp-content/uploads/2016/11/An-Exploration-of-Knowledge-about-Child-Abuse-linked-to-Faith-or-Belief.pdf • National Action Plan to Tackle Child Abuse Linked to Faith or Belief (2012) - https://www.gov.uk/government/publications/national-action-plan-to-tackle-child-abuse-linked-to-faith-or-belief • Safeguarding Children from Abuse Linked to a Belief in Spirit Possession (2007) this good practice guidance is archived but still available - https://webarchive.nationalarchives.gov.uk/20130313095340/https://www.education.gov.uk/publications/standard/publicationdetail/page1/DFES-00465-2007 • Eleanor Stobart report 2006: Child Abuse Linked To Accusations of Possession And Witchcraft (2006) - https://dera.ioe.ac.uk/6416/1/RR750.pdf • AFRUCA: Africans Unite Against Child Abuse - https://afruca.org/
Honour Based Violence (HBV)	Honour' based violence (HBV) occurs when perpetrators believe a relative or other individual has shamed or damaged a family's or community's 'honour' or reputation (known in some communities as izzat), and that the only way to redeem the damaged 'honour' is to punish and/or kill the individual. 'Honour' based violence is a term that is widely used to describe this sort of abuse however it is often referred to as so called 'honour' based violence because the concept of 'honour' is used by perpetrators to make excuses for their abuse. There is a very strong link between 'honour' based violence, forced marriage and domestic abuse. The term 'Honour Based Violence' is the internationally recognised term describing cultural justifications for violence and abuse. Honour Based Violence cuts across all cultures and communities: Turkish, Kurdish, Afghani, South Asian, African, Middle Eastern, South and Eastern European for example. This is not an exhaustive list. Where a culture is heavily male dominated, HBV may exist. The police have made it a high priority to help communities fight back to tackle both honour based violence and hate crime. The 'Honour Network Help line':

Children Missing in Education (CME)	Children Missing in Education (CME) refers to 'any child of compulsory school age who is not registered at any formally approved education activity eg school, alternative provision, elective home education, and has been out of education provision for at least 4 weeks'. CME also includes those children who are missing (family whereabouts unknown), and are usually children who are registered on a school roll / alternative provision. This might be a child who is not at their last known address and either has not taken up an allocated school place as expected, or has 10 or more days of continuous absence from school without explanation, or left school suddenly and the destination is unknown. This is the link for Children Missing in Education on the Worcestershire website: Children missing education | Worcestershire County Council
Missing Children and Adults Strategy (vulnerable children and adults who go missing)	Every year an estimated 200,000 people go missing in the UK. In some cases, missing adults may have made a choice to leave and 'start their lives over again', but the vast majority of missing people, children and adults, are vulnerable and need protection and support. The strategy has three key objectives which provide the right foundations for any effective local strategy to tackle this issue: **Prevention** - reducing the number of people who go missing, including through prevention strategies, education work and early intervention in cases where children and adults repeatedly go missing. **Protection** - reducing the harm to those who go missing, including through a tailored, risk-based response and ensuring agencies work together to find and close cases as quickly as possible at a local and national level. **Provision** - providing support and advice to missing persons and families by referring then to agencies promptly and ensuring they understand how and where to access help. The police should be informed if any child or adult goes missing. The Missing Children and Adults strategy can then be referred to for further information and help. It is a home office publication (2011). https://www.gov.uk/government/publications/missing-children-and-adults-strategy

<tr><td>Children with family members in prison</td><td>Approximately 200,000 children have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. NICCO (www.nicco.org.uk) provides information to support professionals working with offenders and their children to help mitigate the negative consequences for these children.</td></tr>
<tr><td>Children and the court system</td><td>Children are sometimes required to give evidence in courts, either for crimes committed against them or for crimes they have witnessed. There are two guides to support these children which can be found at www.gov.uk "young witness booklet for 5 to 11 year olds" which is a pdf. There is also a document called "Going to court and being a witness age 12 to 17" which is also found at www.gov.uk. Making family arrangements via court can be stressful and entrench conflict in families. The ministry of Justice has just launched an online dispute resolution service. This can be useful to parents and carers. Got to www.gov.uk and search for "get help with arrangements."</td></tr>
